

Nature Anywhere

More and more families are bringing wild birds into their hearts and homes. Wild birds fill our garden with song and color. Watching their antics and following their daily rituals is a fun and educational activity we can all enjoy. Bird watching even relieves stress and soothes the soul!

We want to give you this free guide to help you attract your favorite birds to your garden. The following page has a list of 70 different species of bird, each listed with its preferred food.

If you are looking for the perfect bird feeder for your home, why not visit us at www.nature-anywhere.com.

For a limited time, you can enjoy a 10% discount by using the code FEEDSHEET10 at checkout.
